PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Sanctions Two Scholarships of Rs. 50 each per mensem for Pre-sea Training existing on the T. S. "Dufferin."

ORDER No. H. 2363-364—MILY. 67-49-2, DATED BANGALORE,
THE 16TH AUGUST 1949.

The Government of India have intimated that they have under consideration a scheme for increasing facilities for Pre-sea Training existing on the T. S. "Dufferin" and for making up the present acute shortage of qualified Merchant Navy officers in India. The scheme has got the primary aim of expanding the Indian Mercantile Marine.

They have chalked out the details of the scheme of training for the purpose in view. In order to attract really suitable young men for taking advantage of the training, they consider it necessary to offer suitable scholarships tenable for 2 years in the case of Executive Cadets, and 3 years in the case of Engineering Cadets. At present, the Government of India, certain Provincial Governments and Shipping Companies

are stated to have offered a total of 58 scholarships. This number, the Government of India consider, is inadequate for giving fair chances to all deserving young men.

The value of each scholarship is to be not less than Rs. 50 per mensem. They have suggested that this Government may, in view of the paramount importance of the course of training, contribute towards the success of this scheme as a whole by offering some scholarship especially on the Engineering side.

Government are pleased to agree to the suggestion of the Government of India and provide for two scholarships of Rs. 50 (Rupees Fifty only) each per mensem for the training—one on the Executive side and the other on the Engineering side—the scholarships being open to only Mysoreans by birth or domicile.

K. SRINIVASAN, *Chief Secy.*
